GROUP

Welcome to the Organisational Learning Centre's 2024 Graduation Ceremony!

We are immensely proud to welcome you to this celebration of our students' hard work over the past two years. This graduation is intended to show our commendation and respect for the students who have proved their ability and their commitment by achieving HND, Diploma in Education and Top-Up qualifications, and Certificate of HE.

As an educational institute, the Organisational Learning Centre is constantly changing and over the course of their studies we have watched our students grow and flourish. As we come to the end of their time with us, our pride at their achievements is tinged with the sadness that some now must leave us and move on to higher and better things.

Some graduates will join us on their next course, some will progress on to university and some will use their qualifications to move into work and business. Wherever our students end up, we want them to know that our thoughts and best wishes will go with them, always.
